Board of Trade Requests

White Line on Highway

Coleman Board of Trade spent considerable time Nov. 12 discussing the dangerous aspects of the new highway through Coleman, drafting resolutions to be forwarded to the Minister of Highways.

Arising out of joint Chamber of Commerce meeting with Highway Minister Taylor to be held at Lethbridge, the local Board lost no time in enumerating the dangers of the newly paved road. With two fatalities to this date, the Board went on record as desiring a white line painted on the highway at once, installation of signs to reduce speed at corners, and other matters. The most danger it was felt was the lack of shoulders, in a good many places resulting in a sheep drop at the edge of the road. If these things are put off for another year, it is felt that accidents will continue to mount at a tremendous rate.

Another request was received from the Lethbridge branch asking the local board to endorse a resolution asking that southern Alberta veterans be hospitalized in the new Lethbridge Municipal hospital. Coleman support was given.

The neon sign committee brought in their plan calling for an assessment on local firms to pay the cost of the sign over a three year period. This plan is on a sliding scale, fixed at a price in accordance with the benefits the firm will receive from having such a sign. Letters, followed by

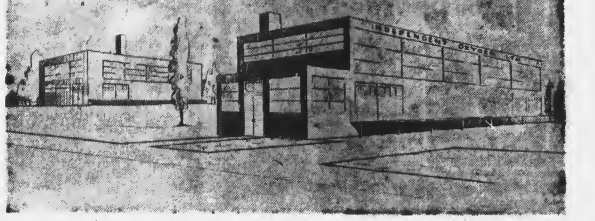

personal interview will bring most details to local businessmen.

A report on the raffle of the scale model house brought out the fact that the project has not been pushed enough. Cards will be prepared to advertise the project to a greater extent. Blairmore branch will be asked to consider the sale of tickets at that point.

Further reference to the Blairmore branch came with the announcement of the dates of the Winter Carnival. Coleman has been asked to enter a Queen in this year's contest and take part in the parade. These matters will be dealt with at a later meeting.

Lack of proper representation for Coleman in daily papers in comparison with other centres was brought up and the Board representative to carry Coleman's news to the readers of the dailies, giving this centre a better light in the eyes of the remainder of the province.

Representation from Coleman to the cavalcade to Fernie on the occasion of the completion of the Trans Canada Highway, (Crows Nest Route), J. R. Hill, E. G. Montabetti, J. Wilkie, Sonny Richards, H. Boulton, J. Kerr, R. Spillers and C. Freeman.

The ground work of a new industry for southern Alberta has been laid with the formation of Independent Oxygen of Lethbridge. Although the plant will not be located here, the fact it is of interest to the area for various reasons.

The location of such a plant in southern Alberta will tend to benefit this portion of the province financially in an indirect way, while reducing somewhat the expenses of local industry.

The company is investing \$200,000 in plant and equipment for the manufacturing of oxygen and acetylene. One of the most modern plants in Canada, it will incorporate the most recent advances in manufacturing of these products. Need for the firm

was felt due to the tremendous growth in the industrial development of Alberta and the fact that until recent years the oxygen industry has been controlled by a few large companies located in the larger centres. Establishment of a plant locally will place customer closer to his source of supply, giving a reduction in shipping costs and some greater assurance of obtaining supplies during a time of shortages. Independent Oxygen will have a capacity of approximately 4,000,000 cubic feet per annum with provision to increase, producing 99.5% pure oxygen, which is highly suitable for medical purposes as well as industrial.

Studying the matter carefully, the new firm reports a survey to

show the area to be served as having a potential market in the neighborhood of 10,000,000 cubic feet per annum. Consumer needs and wishes will form the basis of the company policy as the result of a meeting at Lethbridge recently. Out of this meeting between potential consumers and the directors, the firm heard the points the consumer would like to see incorporated for their convenience and service.

Directors and officers of the company are R. D. Livingston, president; J. H. Yull, vice-president; H. G. Richardson, secretary-treasurer; N. A. Wilding, Managing-director; H. Wilton Clarke, director; J. A. Jardine, director; J. N. Murdoch, director.

Safety of Students Discussed at School Board Meeting

Many items of general business were dispensed with at the regular meeting of the School Board on Monday evening. Principal Allen reported the schools operating harmoniously and featuring an attendance of 97½ for the month of October. A couple of institutes had been held at Central school and visits made by the inspector.

Out of the principal's report came mention of the Sadie Hawkins Day Party and lack of attendance by the students. Mr. Allen stated that members of the faculty had spent considerable time planning for the affair and devoted their evening towards attending the function. Shortly after 10 p.m. only 11 couples were in attendance and at the hour of 11 this had diminished to the point that the event was closed down. It was felt that students planning to attend public dances should have notified the teachers earlier. Principal Allen emphasized the fact that many parents were of the opinion that their children were at the school party and might still believe so. Co-operation on the part of the faculty at future affairs would be dampened by the lack of co-operation by these students.

Trustee Dunford reported on the Trustees Convention asking that increased representation from the Pass be considered for another year. Mr. Dunford expressed the feeling that if Pass boards attended as a unit they would carry a louder voice in the discussions rather than having this area in the minority as is the case. He recommended that other Pass boards be contacted in this regard.

Safety of students was uppermost in the boards mind during the discussion of winter driving with the result that sanders and frost shields are to be ordered.

Other business granted the Couples Club and St. Johns Ambulance the use of the school auditorium, filed reports of the janitors pension till the first of the year, and the appointment of T. Collister as auditor.

Correspondence brought up the matter of the wreath presented at the cenotaph on Remembrance Day. The board was desirous of emphasizing that the wreath was from the Coleman School District rather than Coleman School Board as stated.

Funeral Services Held For John Sudworth

Mr. John Sudworth passed away at his home here Tuesday Nov. 18. Funeral services were held in St. Paul's United Church on Nov. 20 with Rev. Morrison officiating. Burial was in Coleman cemetery.

Born in Haddock, Lancashire he came to Canada in 1903 settling in Coleman in 1925. Employed at the McGillivray Mine, he went on retirement in 1942.

Surviving are two daughters, Mrs. A. Huse and Miss Ruth Sudworth; two brothers David and Richard of Coleman and James in England. He was predeceased by his wife in 1942, and a daughter in 1923, also two sisters and two brothers.

Funeral Services For M. Kubica

Michael Kubica, 69, long-time resident of Coleman, passed away in the Crows Nest Pass Municipal hospital Wednesday following a long period of ill health.

Deceased was born in Poland and migrated to Canada in 1907 first settling in Bankhead and the Mashaw area where he worked in the coal mines. In 1922 he moved to Coleman with his family where he gained employment as a miner at the McGillivray Creek mine where he worked until three years ago when he became ill and retired.

He was a member of the Polish Lodge and the St. John's Society and was a faithful member of the Catholic church.

He was predeceased by a son Adolf and a daughter Helen in Coleman. Surviving are his wife, Mrs. Theresa Kubica; four sons, Walter, Mike, Morrow and Alois, all of Coleman; two daughters, Mrs. Frank (Annie) Hentel of Coleman and Mrs. Americo (Pauline) Marcial of Blairmore; five grandchildren and three great-grandchildren and a sister and brother in Poland.

Services were conducted in the Holy Ghost church in Coleman at 10 a.m. on Saturday and interment followed in Coleman Holy Ghost Catholic cemetery. The Very Rev. Dean L. Sullivan of Coleman officiated.

Mrs. Harry Drew Passed Away Monday

Funeral services for Mrs. H. Drew will be conducted in the Holy Ghost Church on Friday, Nov. 21, at 10 p.m. Rev. Dean Sullivan will officiate.

Born in County Durham, England, on Aug. 16, 1882, she married Harry Drew at Middlesbrough, Yorkshire, on Sept. 29, 1905. Coming to Coleman in 1910, they lived for a short time in Pincher Creek, returning to Coleman. A member of the Holy Ghost Church, she was active with the Ladies Auxiliary, B.E.S.L. and the Pincher Creek I.O.D.E.

Ailing for some time, she passed away in the C.N.P. hospital on Nov. 14.

Surviving to mourn her loss are her husband, two sons, Maurice and James Drew, both of Coleman; two daughters, Mrs. K. D. Mitchell, Rockyford, Mrs. C. A. Carnell of Fort St. James, B.C.; two sisters, Mrs. S. Purvis, Hollywood, California and Mrs. J. Cox of Vancouver.

Christmas Seal contributions are Income Tax deductible.

Highway Claims Second Life

The second fatality since the hard surfacing of the highway through Coleman, occurred just east of the junction with the Blairmore road Nov. 5. Dead is Frank Orval Gagne, of Lethbridge, who was killed instantly while riding in a car driven by Herbert Kellaway, also of Lethbridge. Mr. Kellaway was hospitalized in the C.N.P. hospital while, removed by ambulance to his home Friday, Nov. 7.

The accident occurred around 11 p.m. Tuesday night when the Kellaway car plunged off the road and dropped over a steep embankment. A new car, the motor was damaged and a complete wreck. A driver of a Trimble truck first noticed the accident reporting it to police. Corner Dr. E. Liesemer, of Coleman, investigated the accident along with the R.C.M.P. and called for an inquest when Mr. Kellaway is able to testify.

SECOND CAR DAMAGED IN HIGHWAY ACCIDENT

Peter Truch of Coleman, had extensive damage done to his car a week ago Wednesday when it was struck from behind by a truck.

Mr. Truch parked his car on the highway while having a look at another car in the ditch, this accident had more of a life. A large transport proceeding east clipped the rear end of the Truch car forcing it off the highway. The truck continued for another 150 feet ending up in the ditch. No one was injured in this second accident although damage estimated to reach \$600 was inflicted on both the car and the truck.

Grands Play At Great Falls Mont.

Coleman Grands will play a double header hockey game with Great Falls at the American centre on Nov. 22 and 23. The first game will be played Saturday afternoon and the second Sunday afternoon at 3:30.

Aware of the fact that Coleman teams have provided their fans with good hockey in previous years, the Montana city contacted the Grands some time ago to arrange for a series. First plans called for a Sunday night game which would have been impossible for the Coleman team due to its members having to be at work Monday morning. Notified of this, Great Falls officials agreed to the local club last Thursday changing the hour of the second game to suit the Grands.

Without ice in their home rink the locals will get in a couple of games at the Bellevue arena before making the trip. However, Coleman sport fans are confident that the Grands will force their opponents to go all out if they are desirous of victory. Results of this series means very little actually but will give the locals a chance to try out the stuff prior to the League opening.

Remembrance Day Observed Locally

(Contributed)
One of the largest audiences for many years assembled in the Roly theatre on Tuesday, November 11, at 9:45 a.m. and took part in the public religious service. On the platform were Mr. Harry Wilton Clarke acting as chairman, The Rev. A. D. Morris of St. Paul's United Church, Captain Carey of the Salvation Army and the Rev. Harry Moss, D.C.M., rector of St. Alban's Anglican church.

The order of service was fitting to the occasion and assisted by a choir under the leadership of Mrs. Arline Hill was very impressive. In his opening remarks the chairman reminded those present of the great sacrifice made by men and women in two wars and even now in Korea. The Rev. Morrison gave the prayers and rendered the song "In Flanders Fields"; Capt. Carey read the scripture lesson from the 90th Psalm.

Padre Moss as Chaplain to the local branch of the Legion gave a very inspiring address. In it he stressed how that the world was turned upside down by apostles preaching the good news of Christ and peacefully penetrating the hearts of men through love. That was what turned the world upside down by hatred and now that it was the unfinished task of all today to put it right. He reminded his hearers that this could be accomplished if they had more of moral than physical courage. That we had little to pride (upon) ourselves in mere remembrance unless we were greatly resolved to become better men and women. The Silence, he said, called for a great resolve and pleaded that all listened with heart and soul in the words "Be still then, and know that I am God."

A simple but significant tableau was arranged by Comrade Fred Crippen when the lights were lowered in the theatre and during the repeating of Laurence Binyon's words "We will remember Them" two figures in uniform knelt to lay a wreath of poppies at the foot of a six foot lined up outside the theatre and cross on the stage.

After the service a parade proceeded to the local war memorial. Headed by two officers of the R.C.M.P. in resplendent uniform with Chief of Police Antle, D.C.M., there followed a detachment of RCNEM from the Workshop unit at Blairmore. A contingent of Army Cadets from Blairmore, Coleman and Hill crest and representatives of Cubs, Brownies, Legionnaires, Scout Auxiliary and members of the Polish Society of Veterans.

The ceremony at the cenotaph was solemn and impressive. Under Marshal of the Parade, Major Frank Abousaffy placed a wreath on behalf of the Town Council. The sale of poppies took place on Saturday the 8th under the expert leadership of Comrade R. Parry, M.M., and was a great success.

The town's pipe band under Piper Major J. Moore was in attendance. The weather was superb for the occasion and both the public and Legion considered the day was worthily observed thanks to all those who took part and gave of their time and talent.

Lions Here Address Regarding Polio

Dr. Alliole addressed Coleman Lions Tuesday night regarding polio, its symptoms, method of detection, and treatment. Statistics quoted were of interest, showing that polio is not the dread disease people fear it is.

The speaker held the interest and attention of the 40 odd guests during his complete and informative address. A vote of thanks was tendered by A. Graham.

Evan Gushul showed movies of the construction of No. 3 highway. Pictures included such phases as mixing of fine gravel and laying hard surface. Following this movies of the 1952 Rodeo were shown, which are possibly the best yet.

Various color slides of the Coleman-Kananaskis highway and the immediate area followed.

Past president H. Holmes was presented with the perfect attendance lapel pin and the 5 year perfect attendance award by ex-president John A. MacDonald.

SPECIAL NAVAL RECRUITING TEAM TO VISIT DISTRICT

"Join the Navy and See the World" is an old slogan but still true, and offers a challenge to Canadian young men to fulfill lifetime ambitions at one time.

A special recruiting team of the Royal Canadian Navy is coming here next week to interview young men who are interested in carrying out a career for themselves in Canada's Navy. These naval officers from H.M.C.S. "Nonsuch" in Edmonton can offer young men a chance to serve their country with good rates of pay and other benefits and see the world and their own country at the same time.

Further particulars of the forthcoming visit of the Naval Recruiting team to this district are published in an advertisement of this issue. Full information is available to all young men who call and meet the Naval officers while they are here.

A recruiting party will be in Blairmore and Coleman on Wed. Nov. 26.

Laid by the Cubs and Brownies. Mayor Frank Abousaffy placed a wreath on behalf of the Town Council. The sale of poppies took place on Saturday the 8th under the expert leadership of Comrade R. Parry, M.M., and was a great success.

The town's pipe band under Piper Major J. Moore was in attendance. The weather was superb for the occasion and both the public and Legion considered the day was worthily observed thanks to all those who took part and gave of their time and talent.

Regular Meeting Of Town Council

The Mayor and all councillors were present at the regular meeting last Monday night.

The report of the Municipalities was given by the delegates attending. It was the impression of delegates that towns would receive a larger grant than in the past, but this will not be known for sure until the legislature sits. Addressing the convention, Minister Gerhard argued that towns in the province would receive a greater share of the fuel tax. General opinion gathered at the convention was that all towns have found it necessary to obtain extra revenue, and that the only way it seemed possible to obtain it was by means of greater assistance from the senior government.

Various talks on sidewalk construction, road maintenance and finance were heard during the two days.

CROWD HAS SUCCESSFUL OPENING

The newly organized Crow-Ed club enjoyed a packed hall for their opening function at the Turtle Mountain Playgrounds a week ago Friday.

Representatives of all Pass towns, totalling in the neighborhood of 200, gathered at the Playgrounds to get first hand information regarding the club. President Doug McCelland introduced the temporary executive and outlined the aims of the organization at the same time calling on everyone to get behind the club and help it out.

W. Harper, of Bellevue, acted as master of ceremonies for the evening. Arthur Williams of Blairmore, entertaining the gathering with a demonstration of magic. Films by the R.C.M.P. rounded out the evening along with educational and educational lines, followed by dancing.

LIONS HOLD CHARTER NIGHT BALL

Coleman Lions, their wives and friends, assembled at the Turtle Mountain Playgrounds a week ago Thursday night to observe the club's Charter Night Ball.

A small but sociable crowd spent the evening dancing to the music of Ed's orchestra and receiving acquaintances with fellow Lions from the Blairmore and Bellevue clubs. An informal occasion, the evening was highlighted for the ladies in attendance by the presentation of corsages from the club to all in attendance.

A YEAR'S GROCERIES MAY BE YOURS

The final date of the draw for a year's supply of groceries to the value of \$100 per month has been set by the local Lions lodge. See advertisements elsewhere in this paper for full details. Perhaps the most practical and most discussed project locally for some time, the post-ponement was announced some time ago from its original August date. However, the delay has not diminished the value of the prize. This is your opportunity to do something for your own good of living so contact members of the Lions lodge and be assured of a chance to take home the year's groceries.

CORONATION
H. M. QUEEN ELIZABETH II
JUNE 2ND. 1953

CORONATION ENVELOPE DESIGN—This envelope design, incorporating a photograph of Queen Elizabeth made by Karsh of Ottawa, has been produced by the British Philatelic Association and the Philatelic Traders' Society. The envelopes will be on sale next year, mainly for use on the day coronation stamps are first issued. The portrait is to be in sepia and the frame of gold outlined against purple. The crown will be purple and gold.

HIGHBALLING: Distinctive yellow placard with a green ball is affixed to a C.N.R. freight car in Montreal's Turcot yards recently inaugurating the new "high ball" service to provide preferential treatment for less-than-carload shipments, giving them the speed of fast freights. Cars bearing the placard will receive priority handling at stations, freight sheds and distribution points across the system and "high ball" shipments will be delivered from Toronto to Montreal overnight and from Montreal to Halifax and Montreal to Winnipeg on the fourth morning.

MAGNA CHARTA COPY SOLD TO AUSTRALIA — Lord Blackford, (right), representing the governors of King's School, Bruton, Eng., hands a copy of the Magna Charta to Sir Thomas White, Australian High Commissioner in London, at Australia House, London, recently. It is one of the only two known copies made in 1297 by Edward I, and was recently purchased from the school for \$12,500, or approximately \$38,000, by the Australian Commonwealth.

ARMY MODEL USED FOR 400-M.P.H. CIVILIAN PLANE—An almost identical copy of a U.S. bombing plane, this civilian model Super Constellation will cruise at 340 m.p.h. and have a top speed of 400 m.p.h. It was test flown at Burbank, Cal., and its turbo-jet engines drove the aircraft at the expected speeds.

AIR RAID SIGNAL — Thousands of Los Angeles area residents were startled by three loud and sharp explosions in the sky, when inventor Victor Chatten tested his new \$45-a-shot air raid warning sirens. The bombs are fired from a three-foot long jacket and shot up 1,000 feet where three explosions occur. At only one-tenth the cost of sirens, it was heard for four miles. Victor Chatten is shown loading an aerial bomb. —Central Press Canadian.

LOSER MAY LEAVE POLITICAL ARENA — After having conducted what is admitted to be a brilliant election campaign, Adlai Stevenson expressed little regret at having lost the U.S. presidency. He may step out of politics when his term as governor of Illinois expires in January.

RHEE DISAGREES—Relaxing in the sun outside his home in Seoul, President Syngman Rhee of the Republic of South Korea, tells newsmen that ROK troops are not strong enough to fight the Communist aggressors alone. He disputed recent opinions that enough South Koreans could be trained to replace Americans at the front.

Oil Prospectors Have Long Way To Go . . .

Before They Equal Grain Growers in Value of Production

IN SPITE OF OIL BOOM, GRAIN FARMER IS STILL CANADA'S NO. 1 MAN—Publicity to the oil boom in Western Canada has led many Canadians to lose sight of the relative values of oil and grain as a source of wealth. Hon. C. D. Howe, trade minister, produces some figures to show that grain growing is still the largest single factor in the Canadian economy and that it will outrank oil production "for many years to come." Mr. Howe forecast an \$1,800,000,000 grain crop this year and compared that to the value of the oil produced in the same period—\$120,000,000. The grain crop this season is expected to add up to the largest in history, 651,000,000 bushels. The second largest was in 1928 when 545,000,000 bushels were harvested.

—Central Press Canadian Photos.

—Central Press Canadian.

CANADIAN CASUALTIES FIND FRIENDS ON WAY HOME—The welfare of Canadian casualties in the British Commonwealth hospital, Kur, Japan, is reported by troops being evacuated home to be in good hands. Providing small comforts are cheerful Red Cross workers from the British Isles, Australia and Canada. Above, on a railway platform in Japan, Canadian patients receive candy, cigarettes and magazines from two Red Cross friends as they commence the first leg of their journey home. They are, left to right: Pte. George Crooks, Shelburne, N.S.; Pte. Lester Behigen, Calgary; Miss Joan Watson, Toronto; Pte. Ron Berry, Halifax; Miss Phyllis Daymon, Australia; Pte. Jerry Mosher, Stellarton, N.S., and Pte. Al Campbell, Toronto.

BRITISH SCHOOL CHILDREN'S MOST POPULAR VISITOR—A big moment for flag-waving children and their elders, too, is when Queen Elizabeth visits Shrewsbury school in London on the occasion of the 400th anniversary of the granting of the school's charter by King Edward VI. The Queen had lunch with 35 of the children in the school dining-room. The Queen is shown walking to her car with the headmaster, Mr. John M. Peterson, and school officials after her tour. —Central Press Canadian.

OUR COMPLETE SHORT STORY —

THE PROFESSOR

Camille Knew How Much the Honor System in Examinations Meant to Professor Paul.

By MADELINE ANGELL

PROFESSOR PAUL FRAZIER was not himself today. The zoology students filed silently into the classroom. Instead of greeting them with his usual smile, timid but eager, he stared out the window.

There was an unnatural tension among the girls also. No flutter of notebook pages; no pleasantries. Each took her seat. And waited. Paul rose to turn on the light. Even the day was ominously dark. Sleet beat on the windowpanes. As he turned around, he could not resist looking at Camille. Always before, she had returned his gaze with the flattered interest of a sympathetic response. Today she was staring intently at a diagram on the wall. He found himself wondering if the love he felt for her would be diminished if he knew that she had cheated. That was most unlikely, however, for they had discussed the matter after class, not long ago. She knew how much of himself he had put at stake by giving an exam on the honor system, which had never been used at Windsor College for Girls.

Yet his love for this slim girl with the golden beauty was so overpowering that he imagined he would forgive her anything. He cursed his cowardice. For all the dreams and plans he had made for Camille and himself, he had not once had the courage to ask her for a date. If only she were not so lovely, or if, on the other hand, he were not so awkward

and tongue-tied, once he left the classroom.

"I'm very disappointed in the test," he began. "Not in the grades. The papers I corrected were very high. But I've been informed that many of you referred to your textbooks during the examination." No need to tell them how Miss Graves, the oldest staff member at Windsor, had come to him triumphantly with that news. No need to tell them that he had suffered a personal defeat, because he had always maintained that you had to trust people in order to bring out their best. He picked up the pile of papers he had corrected, and placed it on top of the other pile. "There is only one thing I can do with them." They fell with a thud, into the wastepaper basket.

Camille was looking at him now. Her hair was like a patch of sunlight that had escaped the clouds. Her sweater, which was modestly hoarse, rose and fell with the rapid rate of her breathing.

"Since I have no way of knowing the guilty, I will ask all of you to write a new test. Rather than wait to have it mimeographed, I'll write the questions on the board." He paused. "I will give this test also on the honor system."

He picked up the chalk. His hands were long and lean, and the knuckles showed. It was the boniness of his hands, and the largeness of his feet, which made him feel so ill at ease in society.

He was about to turn to the blackboard when Camille rose. It was characteristic of her pose that she stood there, straight and tall, with her hands falling loosely at her sides. There were only two bright spots of red in her cheeks to indicate any nervousness. Her voice was low and controlled.

"Professor Frazier, it shouldn't be necessary for everyone in the room to take the test over. Not if those of us who cheated will confess." Her eyes rested on her classmates, silently pleading, "I'm one."

There was a horrified pause before Judy Pierce rose. "I cheated too," Judy whispered.

More chairs were pushed back. Paul interrupted. "Those who wrote an honest test may leave," he said. He turned to the blackboard, and the trembling of his hand made writing difficult.

Paul Frazier waited nervously on the settee in the parlor of Westlawn Hall. As he watched Camille descend the stairs, he wondered if the effect of this loveliness would dim with familiarity. He decided against it. At the corner of Westlawn, the shadow of a giant oak broke the glare of a street light into a soft maze of shifting light and shade. Paul stopped, and taking Camille gently by the shoulders, turned her to face him.

"Why did you confess something you didn't do?" he asked softly. The play of light on her face made it appear ethereal. "I knew how much the honor system meant to you," she said simply. "It was the only thing I could think of, to restore your faith in us. But how did you know I didn't cheat?"

I corrected your test paper just a few minutes ago, the first one you wrote."

There was surprise in her voice and also relief. "You don't mean I flunked!"

His arm slipped to her waist. "No, my thing, but you'd have done a lot better if you'd had a book open in front of you. Knowing you hadn't cheated, I could think of only one motive for your action in class today. That's what gave me the confidence to come to you tonight."

She came closer. The confession of her love was there, in the softness of her eyes, the tenderness of her smile. Paul forgot that he was shy. He kissed her, and when he had released her, he kissed her again. (Copyright Wheeler Newspaper Syndicate)

Autumn Recipes

IT'S TIME FOR APPLES, PUMPKINS

Golden pumpkins neighboring with shocks of corn are pleasing to the artistic eye, and give promise to spicy pumpkin pies. With the first sign of autumn, we are inspired to include pumpkin pie in our menu plans, because this dessert is a favorite of most people. Pumpkin pies usually call for eggs, so it is good news for the budget-conscious housewife when her recipe indicates one egg instead of three. The secret of success in this instance is a half cup of corn flakes crumbed finely, which, with one egg, thickens the pumpkin to the just right consistency.

Pumpkin Pie Filling

Half cup Corn Flakes, 1 cup brown sugar, 1/2 teaspoon salt, 1/2 teaspoon ginger, 1 teaspoon cinnamon, 1 egg (slightly beaten), 1 2/3 cups (12 oz.) evaporated milk, 2 cups canned pumpkin.

Sift together flour and salt. Cut in shortening, add mixture resembles corn meal. Add water and stir only until combined. Roll out on lightly-floured board to about 1/4 inch thickness. Line a 9-inch pie pan with pastry.

Crush Corn Flakes into fine crumbs. Mix with sugar, salt and spices. Add egg, evaporated milk and pumpkin; mix well. Pour into ungreased pastry shell. Bake in oven 425 deg. F. 45 minutes.

Yield: One 9-inch pie.

Apple Pie

Apples make the pie, and you can take your choice of several especially recommended varieties. They include Greenings, Rome Beauties, McIntosh and Staygreen. As for the ice cream, always keep some handy in a sturdy paraffined carton for ready for pie a la mode. Vanilla is the old favorite, but chocolate is equally good stop atop pie. A fine ice cream flavor which you'll find pre-packaged in convenient pints and half-gallons are butter pecan, butter almond, banana and pineapple.

Ice Cream Treat

The modern family is likely to look for some special kind of treat. Here's one we call Carmel Corn Flakes Rings—your family will call it their favorite dessert.

Carmel Ring

Six cups Corn Flakes, 1 1/2 cups brown sugar, 1/2 cup butter. Measure Corn Flakes into buttered mixing bowl. Cook sugar and butter in heavy frying pan, stirring constantly until melted and syrup begins to bubble. Pour over Corn Flakes, stirring so that each flake is coated. Pack in small well-buttered ring molds or large mold. Cool. Unmold and serve filled with ice cream. Yield: 1 9-inch mold or eight 3 1/2-inch molds.

Coconut Frosting

Two cups sugar, 1 1/2 cups sugar, 1 1/2 teaspoons light corn syrup, 1/2 cup cold water, 1/2 teaspoon salt, 1 teaspoon vanilla, 1 1/2 cups shredded coconut.

Combine all ingredients except vanilla and shredded coconut in top of double boiler; mix well. Cook over boiling water, beating constantly with rotary beater until mixture forms peaks, about 7 minutes. Remove from heat; add vanilla; beat until of spreading consistency. Shredded coconut may be either folded into frosting or sprinkled on top of frosting after it has been spread on cake. Yield: Frosting for 2-layer cake (8 inches in diameter).

Do You Know That...

The polar bear is the only bear that does not hibernate.

The Wahoo fish can swim as fast as 70 miles an hour.

If You're TIRED ALL THE TIME

Everybody gets a bit run-down now and then, tired-out, heavy-headed, and maybe bothered by backaches. Perhaps nothing is seriously wrong, just a temporary condition caused by excess acids and wastes. That's the time to take Dodd's Kidney Pills. Dodd's stimulates the kidneys, and so help restore their normal action of removing excess acids and wastes. Then you feel better, sleep better, work better. Get Dodd's Kidney Pills now. Look for the blue box with the red band at all druggists. You can depend on Dodd's.

WHY, PAW, IF I BUY YOU A COAT FOR \$14.95, A DRESS FOR \$4.95 AND A PAIR OF SILK STOCKINGS...

WHY, PAW, YOU DARLING! THE COAT AND DRESS WILL BE SUPERB! NEVER MIND THE STOCKINGS!

##* I'LL BUY THIS BOOK SO DEEP IN MY HEART I CAN WIN HIM! I'LL TRY IT IN TROUBLE!

Richard Nixon, 39, the newly elected Vice-President of the United States. He is the youngest man ever to hold that position.

WESTERN BRIEFS

Seek Amendment

WINNIPEG.—Amendment of the fire prevention act to make smoking in bed a criminal offence was urged by the Manitoba Hotel Association. The action was taken after the group's annual convention considered a Saskatchewan regulation providing a minimum fine of \$25 for the practice.

Teacher Pay Board

EDMONTON.—The Alberta School Teachers' Association has approved a resolution asking the Provincial Government to set up an independent commission to formulate salary schedules of Alberta teachers. Rudolph Hennig, president of the association, suggested that the commission be permanent and composed of persons selected for their ability for this type of work.

Oil Production Up

WINNIPEG.—Oil production in Manitoba during September rose to a record 11,102 barrels, the provincial mines branch reported. This more than doubled the previous high of 4,658 barrels produced in August and raised Manitoba's cumulative production to 45,785 barrels.

Dog Finds Wallet

WESTLOK, Alta.—When farmer Bert Anderson lost his wallet containing \$250 while haying, he and three other men searched for six hours without success. The R.C.M.P. dog "Astra" was called in and sniffed out the wallet in half an hour.

For Fast Time

SANTALUTA, Sask.—Continuous daylight saving time was approved by voters here with 83 for and 34 against it. Fast time will become effective Jan. 1, 1933.

Second Lowest in Canada

EDMONTON.—Provincial health authorities said they believe the bureau of statistics' annual health report will show tuberculosis deaths claims fewer lives per capita in Alberta than in any other province except Ontario.

School Lunch

As much care and planning should go into the lunch youngsters take to school as a mother puts into any meal she serves on the dining room table, contends Miss Margaret E. Smith, a nutritionist. Furthermore, the box lunch must have eye appeal as well as high food value.

"The noonday lunch should provide one-third of the whole day's requirements of the energy-producing, body-building foods," notes Miss Smith. "This means proteins, minerals and vitamins for growth and repair of body tissues; and carbohydrates or starches, fats and proteins to yield energy for work and play."

In ordinary grocery store parlance, the nutritionist's suggestions boil down to these, which are based on Canada's Food Rules:

Include about eight ounces of pasteurized, white milk varying this occasionally with buttermilk or pure fruit juices.

Put in at least one fresh vegetable—raw carrot strips, celery, a whole tomato, or a little salad made with cabbage, parsley, green peppers or cooked green beans.

"The Railway With A Personality" Has 347 Miles Of Scenic Beauty

QUENSEL, B.C.—The Pacific Great Eastern Railway doesn't claim to run the fastest or most luxurious rail service in the world. It's timetable merely makes the modest claim: "The railway with a personality." This is pretty accurate. So is the boast: "347 miles of superb scenic beauty."

The P.G.E. starts from Squamish, 33 miles northwest of Vancouver and snakes through canyons and lakeshores and riverbanks under the hulking shoulders of mountains to Quensel in the Cariboo.

Started in 1912, the P.G.E. will have its biggest moment in nearly four decades early next month when the 82-mile link will be completed northward from Quensel to Prince George. At Prince George, the P.G.E. will connect with Canadian National Railway's transcontinental line.

As owner of the railway, the B.C. government is laying on appropriate ceremonies for the occasion. Next year, the Legislature will be asked to approve a \$10,000,000 appropriation to complete the P.G.E. from Squamish to Vancouver.

The P.G.E. takes 20 hours—more or less, usually more—to cover the 347 miles from Squamish to Quensel. On a recent trip, a new passenger pointed to the timetable and mentioned to the conductor that the train was 50 minutes late.

"Oh, we don't pay too much attention to that," the conductor replied genially.

When you mount the sleeping car at Squamish, a pleasant man in a white jacket helps you with your baggage. The next time you see him, he has a sleeping car conductor's cap and uniform on and is talking tickets. Next, he is back in his white jacket making up the berth.

"We don't waste any manpower on this line," said one employee.

"Wouldn't it be silly to have a whole sleeping car conductor to handle just one car?"

* The P.G.E. has 33 flat stops besides its 20 regular stops. But it may stop anywhere along the line to accommodate a lonely settler or to wait for a moose to get out of the way.

From June to September, the P.G.E. pulls an observation car at the rear. This is a flat car with

Canada Plans Wheat Test Crop In California

WINNIPEG.—Canada, just completing the harvest of a 650,000-bushel wheat crop now is planning to grow another this year, but this time in the Imperial and Yuma valleys of California.

The 150-acre planting, to cost \$60,000 is to test a new wheat strain, CT 156, developed at the laboratory of cereal breeding here. It is the plant breeders' first answer to Race 15B a stem rust which has threatened Canadian wheat fields since 1930. The California crop, when it is harvested next April, will yield about 9,000 bushels. By the fall of 1933, stocks of CT 156 may total between 200,000-300,000 bushels. Laboratory officials are confident this amount will take care of 1934 demand in the rust epidemic areas of Manitoba and Saskatchewan.

Super for Supper—made with MAGIC!

HOT BISCUIT SUPPER-SANDWICH

Season to taste 1 c. minced cooked meat with grated onion, salt, pepper and condiment sauce; mix thoroughly with leftover gravy or cream sauce. Mix and sift twice, then sift into a bowl, 2 c. once-sifted pastry flour (or 1 1/2 c. once-sifted hard-wheat flour), 4 tps. Magic Baking Powder, 1/2 tsp. salt, 3/4 tsp. mustard. Cut in finely 6 lbs. chilled shortening. Make a well in dry ingredients and add 1/2 c. milk; mix lightly with a fork, adding milk if necessary, to make a soft dough. Knead for 10 seconds on a lightly-floured board and divide dough into 2 equal portions. Pat one portion into a greased round 8 1/2" cake pan and spread almost to edges with meat mixture; moisten edges of dough with water. Pat second portion of dough into an 8 1/2" round and press over meat mixture; press lightly around edges to seal; score top layer deeply into 6 pie-shaped wedges. Bake in hot oven, 425°, about 20 minutes. Serve hot with brown tomato sauce. Yield: 6 servings.

MAGIC BAKING POWDER

—By Les Carroll

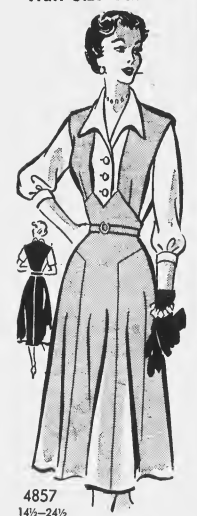

STOPS NEURITIC-NEURALGIC PAIN! ASPIRIN

Now Many Wear FALSE TEETH With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEETH dental plates retain and more comfortably. This pleasant powder has no gummy, gooey, pasty taste or feeling. It causes no irritation. It's alkaline (non-acid). Checks "pink color" (denture breath). Get FASTEETH at any drug store.

Fashions

Half-Size Fashion

Anne Adams Pattern Dept., Winnipeg Newspaper Union, 60 Front Street W., Toronto.

LOCAL AND PERSONAL NEWS ITEMS

Born to Mr. and Mrs. J. Pelsuk, on Nov. 5, a son.

Mr. and Mrs. S. Colley visited in Lethbridge last week.

Mr. and Mrs. S. Volk of Carmangay, visited recently with Mr. and Mrs. J. V. Fraser.

Mr. and Mrs. Thos. Owen of Natal, spent Armistice day with their son Mr. and Mrs. J. Owen.

Herb Jennings attended a convention of the Jehovah Witness in Medicine Hat two weeks ago.

Mr. W. Kovack, M.L.A. and Mr. J. Hanrahan, were business visitors to Edmonton last week.

Mrs. T. M. Brown, Pincher Creek, visited with her daughter and son-in-law Mrs. and Mr. T. Holstead.

Louis Rizzo and Felix Mikuse, of Calgary Tech, spent the weekend with their parents here.

Born to Mr. and Mrs. Carl Lapatynski on October 31, a daughter.

Leon Bator of Calgary, spent the weekend with his parents Mr. and Mrs. K. Bator.

Mr. and Mrs. H. Taylor of Calgary, visited with friends in the Pass last week leaving to attend a wedding at Fernie.

Coleman Sports Association announced the appointment of Marten C. VanDonk as ice maker at the arena again this year. The association are fortunate in having Mr. Van Donk back again this year and fully appreciative of the great work done in the same job last season.

Mr. and Mrs. Al Freeman and children of Loughheed, were recent guests of Mr. and Mrs. J. Hanrahan.

Miss Della MacQuarrie, matron of the Drumheller hospital, visited recently with her parents, Mr. and Mrs. C. MacQuarrie.

Miss Lucille Miller, of the Canadian Bank of Commerce staff left Saturday for Calgary where she has been transferred.

Mr. and Mrs. Henry Reyer have returned from Wells, B.C. and will reside in Coleman in future.

Following members of Summit Lodge No. 30, A.F. & A.M. attended the District meeting and banquet of the Grand Lodge A. F. & A. M. held at Pincher Creek on Nov. 6, were M. W. Cooke, H. Allen, W. H. Garner, N. A. MacAuley, J. A. Howarth, S. Murdoch, F. W. Guereard, C. Freeman, P. A. Dickeson, J. Bayon T. Holstead.

Mrs. H. Franden of Claresholm, spent last weekend visiting Mr. and Mrs. J. Malanchuk.

Steve Kapalka of Calgary Technical, spent the weekend at his home here.

Mr. and Mrs. W. Martland of Calgary, former Colemanites, spent Armistice Day the guests of Mr. and Mrs. C. Martland.

Mr. and Mrs. J. Hanrahan and family, spent last Sunday at Ft. Macleod, accompanied by Mr. and Mrs. J. Kilgannon.

Bob Parks, attending Mount Royal College in Calgary, spent the weekend with his parents Mr. and Mrs. J. Parks.

Mr. W. Nelson is spending two weeks visiting relatives at Penitence, Kelowna, Salmo and Spokane.

Miss Irene Antonenko, graduate of the University hospital in Edmonton, has secured a position with the Drumheller hospital.

A large attendance featured the Catholic whist drive last week. A favorite with Coleman people, another drive is scheduled for a weeks time.

Gloria eJan Pinotti is visiting with her grandmother Mrs. F. Mary in Calgary. She will undergo an eye operation at that city.

Next issue of the Journal will carry the prospective lineup of this year's team and other facts that should be of interest to Grand supporters.

Mr. and Mrs. Aldof Roe, formerly of Bellevue, visited with Mr. and Mrs. Ledieu here recently. Adolf is chief machinist on the famed tunnel project at Kitimat.

Mrs. Stewart Milley of Calgary, visited in Coleman, the guest of Mr. and Mrs. W. Milley. Mrs. Milley was a former resident of Coleman.

Donald Norris, geologist, showed colored slides and gave an address to the students of Central school last week, prior to his departure from the district. Mr. Norris, accompanied by Ray Spillers for a portion of the summer, has been active in the district this year.

Prior to her departure from the district, Mrs. Metzner, was honored by the residents of the Cell Block 12 were in attendance, enjoying an evening of whist, honors going to Irene Hazuka, 1st; Marge Schultz, 2nd and Mrs. M. Pinotti consolation. Mrs. M. Ziskel on behalf of the gathering, presented the honoring guest with a pair of earrings.

Mr. and Mrs. Fred Metzner and daughter Linda Marlene left on Tuesday to make their home at Bergen, Alta. Coming to Coleman seven years ago, Mr. Metzner was employed for the most time in the bush camps and will now take up farming having purchased his own place. Members of the United church here, they expressed the feeling that they will miss their many Coleman friends.

Sadie Hawkins Day was celebrated by the local high school students on Friday. The afternoon saw charming young ladies garbed in overalls and serving as street cleaners. Other of the fairer sex sailed a wash tub at the main intersection while singing that old favorite "Row, Row Row Your Boat". Perhaps the highlight of the penalty parade was made by two of the boys garbed in night gowns and carrying candles, who met the two noon buses welcoming passengers to Coleman. Festivities came to a close that evening with a dance in the school.

Christmas Mailing

Early mailing is urged by the Post Office to ensure delivery before Christmas Day. The deadline for parcels to the European continent is Nov. 19, for ordinary letters and cards is Nov. 23. Parcels for United Kingdom should be mailed by Nov. 23, and letters and cards on or before Nov. 25. Air mail may be posted as late as December 1 for delivery in the United Kingdom and Europe. Parcels must have Customs Declarations attached, fully completed as to contents and value. Please obtain these forms at the post office and attach them to your parcels before mailing them.

Parcel Post to the United States must be mailed not later than December 8 to enable clearance at the Customs before Christmas. The limit of weight is 15 lbs. and must have Customs Declarations before mailing.

Christmas cards if left in OPEN envelopes and without a written letter or message may be sent ANYWHERE for 2 cents each, if not over one ounce. Those containing a message are subject to first class rate.

Make sure your parcels are properly packed, wrapped and tied with strong string or cord. Wrapping parcels with tissue paper on the outside will not ensure safe delivery of the contents. A parcel worth sending

is certainly worth wrapping properly.

Information regarding mailing dates not mentioned above will

be posted in the lobby of the Post Office. For further information consult your local Postmaster.

GOVERNMENT BUSINESS

MUNICIPAL ASSISTANCE

TAXPAYER: Do I share in the revenues of the Alberta Government?

DEPT. OF MUNICIPAL AFFAIRS: Yes, you do! Approximately 40% of the total expenditure on income account will be distributed in the form of municipal assistance this year.

FACTS YOU SHOULD KNOW:

1. All Albertans will benefit from the \$29,000,000 in direct and indirect grants to municipalities this year.
2. The province pays the entire or a major portion of social services such as Old Age and Blind Pensions, Mothers' Allowance, Indigent Relief and Child Welfare.
3. The province makes direct grants for roads and bridges, schools and hospitals.
4. The province will compensate any municipality which reduces the mill rate up to a maximum of three mills. This amounts to a refund of taxes direct to the taxpayer and will cost the province nearly \$2,800,000 in 1962.
5. Through the Self Liquidating Projects Act, municipalities have been able to borrow money at a low rate of interest to finance such installations as waterworks and sewerage projects.

Weddings

POTTER-LEDIEU

On Saturday, October 27 at 2 p.m., St. Paul's United church, Coleman, was the scene of a very pretty wedding when Juliette Ledieu, youngest daughter of Mr. and Mrs. E. Ledieu, became the bride of Reginald A. Potter, son of Mr. and Mrs. W. Potter of Swift Current, Sask. Rev. Morrison officiated at the ceremony, Miss Dianne Dickleson presiding at the organ.

The bride was charmingly attired in a white nylon net over white satin floor-length gown with a boffant skirt and lily point sleeves, and wore a finger tip veil falling from a headpiece of rhinestones. She carried a fan shaped bouquet of better time roses and carnations.

Mrs. M. Linderman, who acted as bridesmaid, wore a floor-length gown of blue sheer with a matching chapel veil, and carried a nosegay of pink and blue carnations.

Mr. Ed. Amel supported the groom.

The bride's mother chose a navy blue ensemble with grey accessories and completed this with a corsage of pink rose buds. The groom's mother wore navy blue with white accessories and a corsage of pink rose buds.

At 4 p.m. approximately 75 guests sat down to a turkey supper in the L.O.O.F. hall, catered to by the women of the Ladies Auxiliary to the Canadian Legion. The table was decorated with fall chrysanthemums and a beautiful three-tire wedding cake.

The happy couple motored to U.S. points for their honeymoon and on their return took up residence in Coleman where the groom is employed.

KULIG-MICHALSKI

A quiet wedding took place at St. Patrick's church, Lethbridge, on Sept. 27 at 2.30 o'clock, when Josephine, daughter of Mr. and Mrs. Joseph Michalski, became the bride of John Kulig, son of the late Mr. and Mrs. Andrew Kulig. Mrs. Hector Vanoni, of Blainmore, attended her sister and Mr. Randi Kulig was his brother's bestman.

The bride was attired in a white lace ballerina gown, feathered bonnet, and carried red roses. She wore a rhinestone pendant, the gift of the groom.

Mrs. Vanoni was dressed in blue with white accessories.

For travelling the bride wore a pink bengaline suit with grey top coat, white accessories and red corsage. The honeymoon was spent at Calgary, Banff, Edmonton and Drumheller.

The happy couple will reside in Coleman where the groom is employed.

HIGHWAY WORK COMPLETED

The 1952 program of hard surfacing of No. 3 highway wound up last week with the last coating of hardtop being applied. As the result of the summer's work the highway is now paved west to the B.C. Border and east of Bellevue to Lundbreck. That portion between the municipal hospital and Bellevue was not touched this year and although paved is badly pitted.

It is understood that the Blainmore section through to Bellevue will be hard surfaced next season and four new bridges erected.

Repairs to damaged areas within the town of Coleman as the result of re-routing the highway have kept the paving crews busy late. The curve at the approach to Coleman near the underpass has been widened and paved and an oil coat and light hard top coat applied to third street. Asphalt sidewalks and paving to the property line along the highway and hard surfacing of the tennis courts completed the work.

CARD OF THANKS

I wish to thank my friends and especially the hostesses, for the shower in my honor, and for the lovely gifts. Thanks is given at this time to those who could not attend. Mrs. John Kulig (Josephine Michalski).

CARD OF THANKS

We wish to thank all those who were so kind during our recent bereavement; to those who sent flowers, cards and helped in any way. We wish also to Mr. Dr. Liesner for his kind services. Mr. Joe Krywolt and family.

IN MEMORIAM

In loving memory of Mr. Giuseppe DeCoco who passed away Nov. 22, 1945.

God took him away.
It was his will.
But in our hearts,
He liveth still.
Ever remembered by his wife
sons and daughters

Christmas Seals were first sold to fight tuberculosis in Denmark in 1944. Last year 29 countries held Christmas Seal Sales as a means of raising money to help prevent tuberculosis.

People shop where they are invited—that's why it pays to advertise.

BENEFIT GAME TO AID COALER FIRE VICTIMS

A benefit hockey game between Lethbridge Native Sons and the Crow Coalers is scheduled for the Bellevue Arena on Monday, December 1, to assist in replacing hockey equipment and personal effects lost by the Coalers in the bus fire of two weeks ago.

Considerable equipment was lost by the club and personal wearing apparel by the players when their bus caught fire just out of Medicine Hat. The team was on the last lap of their road trip and scheduled to play a game at Medicine Hat when the fire occurred. Reports are that players noticed a red glare for awhile then notified the bus driver of the fire. All managed to leave the bus with some equipment without suffering injuries. Your attendance at the benefit game will assist the club greatly.

THE COUSIN'S STORY

A History Of The Crows Nest Pass Area

(Continued from last week.)
Alexander Staveland Hill in 1881 called the river the Oldman River coming from the Crows Nest Pass. For years, and still to some extent locally, the Crows Nest River was called the Old Man or Middle Fork of the Old Man, or just Middle Fork, while the present Oldman River was the North Fork and once the Belly River. The confusion is reflected in Place Names of Alberta, which agrees that the northern branch is the main stream of the Old Man, as the area around the source of this river is known as the Old Man's Playing Grounds by the Indians. "Hence," concludes the author, "the cave from which the stream emerges is known as the Old Man's Cave, but the only cave is the one on the Crowsnest Ridge from which the Crows Nest river flows."

The first white man to come near the Pass, of whom there is any record, was Father Jean de Smet. In 1845 de Smet was a missionary among the Kootenay Indians in the Tobacco Plains section of southern B.C. and northern Montana. He travelled extensively in the area around his mission and in 1845 made his epic journey to Rocky Mountain House to persuade the Blackfeet to make peace with the Kootenays who were in a state of great fear after numerous clashes. It has been said that de Smet chose the western end of the Crows Nest Pass for the first part of the trip, but since, it has been established almost certainly that he went through White Man Pass, this is scarcely likely. However, there is other evidence that he visited the valley of the Elk several times. In a letter he said, "The fine river Des Chutes comes roaring down and crosses the plain before it joins its waters to the McGillivray (Kootenay)" and having remarked that there were large pieces of coal along the river, "I am convinced that this fossil could be abundantly procured". He is obviously referring to the Elk River, the only one noted for coal in these parts. Hence de Smet was both the first known traveller in the Pass and the discoverer of its coal.

The Palliser Expedition in 1858 gave first recognition to the Crows Nest Pass by that name. Lieut., later Captain, Thomas Blakiston had been charged with exploring Kootenay Pass to see if it lay in British territory. Blakiston, after a dispute with Palliser, went off from the main party, and his reports appear in the section of the Palliser Report known as "Further Papers". He listed the Pass as a known Pass at 49 deg. 40 min. N. Lat. and called it Crows Nest Pass. The north Kootenay was given at 49 degrees, 34 minutes. Travelling southwards between the Livingstone Range and the Porcupines

which was considered safer because of the danger of Indian raids, he passed across the mouth of the Crows Nest Pass. Referring to this pass his reports state: "Of the first of these passes we know only that its eastern entrance is on the river of the same name, while it emerges in the vicinity of the Steeples or Mount Deception". Further on we read "By reports of the natives it is a very bad road and seldom used". There was, however, a well defined path when he crossed it in August and he "... observed the old trail coming in from the plains on the left bank of the Crows Nest River." It would be interesting to know which of the Crows Nest series of passes was followed by the Indians, who were almost all Flatheads or Kootenays, and who would have turned south as soon as possible to reach the Tobacco Plains. When Michael Phillips came through 15 years later there was no sign of a trail along the route now travelled by the road and railway.

Model Bakery Will Open on Nov. 25

Model Bakery announces its tentative opening date as Tuesday, Nov. 25th.

Situated in the building one door east of Coleman Cleaners Mr. Bucar has installed equipment to produce all types of fine pastry and bread.

The proprietor of this new business is no stranger to Coleman and is well versed in his trade.

P. DeGroot Operates White Rose Service

Len Smith has announced the sale of the White Rose Service Station to Pete and Bill DeGroot.

Mr. Smith operated the garage for three years, coming to Coleman from Turner Valley as shop foreman for Mannix.

Pete and Bill are no strangers to Coleman and are prepared to give good service. With 6 years experience will handle repairs.

WE ARE SORRY

We regret that a complete report of the A.B.C. League is missing. This report was not set by the typesetters, and shortage of time prevented making other arrangements.

SPORT HIGHLIGHTS

A meeting concerning minor hockey in Coleman was held here to consider the problems of coaching and raising money. Minor hockey locally is part of the greater C.N.P. Minor Hockey Association, and some finances are on hand due to the recent canvass. It is hoped that each town will try to sponsor hockey. Members representing Coleman are J. R. Hill, G. Jenkins, E. G. Montabetti, R. Pattinson and R. Spillers.

It was decided to conduct a tag day locally to assist the clubs, this tag to admit the purchaser to attend any one midget or juvenile game. Teddy Kryczka was appointed as coach of the midget or bantam team. George Jenkins reported that pressure of other efforts prevented him from coaching this year.

Coleman will ice 4 pee-wee teams again this year sponsored by Patinons, Elks, Legion, and Lions. This is the 16th year for pee-wee teams locally. A midget and juvenile team under the joint sponsorship of the Lions and Grand Union Hotel will carry Coleman colors again this year. A Junior 'B' team will be formed throughout the 'B's' having Blairmore as its headquarters. It is hoped this team will be coached by Tony Vejprava.

Mix up youthful enthusiasm with experienced veterans, add the desire to play for sport alone, and you have a picture of the Grands at practice.

Watching Sundays tryouts you could not help but forecast a bright future for the club. Coach Gates will have a lot of talent to choose from.

Actual team members will not be known for a couple of weeks, the two game series at Great Falls and additional practices giving everyone a good chance to show their worth.

It has been expressed that an inter-club match may be played at a later date. If this materializes be sure and take it in. For those who like hustle hockey—follow the Grands

Ack-Ack's signing with Buffalo makes one wonder about Coaler strategy. Oil Kings are strong in reserves and probably would have sent some good material on a trade. As it stands Coalers lost all the way.

From here it doesn't look as if Edmonton stands to suffer. On the other hand, Coalers seem to need a little added strength.

Oil Kings Win

The Edmonton Oil Kings defeated the Crow Coalers in a hard fought battle last Wednesday night. The Kings got off to a good start with Karpinka scoring after a neat passing play from Melnyk in 2 min. of the 1st period. Edmonton tallied again when Prince fired the puck past the Coaler goal tender from just inside the blue line.

The Oil Boys scored twice more with no reply, leaving the score 4-0 at the end of the second period. Prince and J. Bucyk scoring both goals unassisted.

The Coalers spurred up in the last period with Tommy Gordon scoring from Trentini's rebound in 49 seconds. The Kings answered to that with three goals coming from the sticks of MacAvoy and Melnyk. MacAvoy scoring two. The Coalers got back in action with Speley and Trentini scoring the last two goals of the game leaving the score 7-3 for the Kings.

Gordie Vejprava, the Coaler ace acquired only one point, tying him with Dave Duke of Calgary. The point was the assist on Trentini's goal.

The Game was played rather poorly on the part of the Coalers. The Oil boys out-passed, out-shot and out-scored and on the whole played better hockey all around.

Edmonton—Goal, Farina; defence, Zemluk, Strate; forwards, MacAvoy, Prince, Cowan, Speley, Melnyk, McNeil, Karpinka, Ullman, J. Bucyk, Kinasevich, Maniogo, B. Bucyk.

Crows Nest—Goal, Lutyne; defence, Richardson, Craig; forwards, Gordon, Pagura, Perrault, Subs—Pello, Brennan, Speley, Hart, Gazely, Mathews, Trentini, Vejprava.

Summary
First period—1, Edmonton, Karpinka (Melnyk) 2:00; 2, Edmonton, Prince (Maniogo, MacAvoy) 13:17. Penalties: Zemluk, MacAvoy, Strate, B. Bucyk, Vejprava, Pello.

Second period: 3, Edmonton, Prince 6:56; 4, Edmonton, J. Bucyk 19:19.

Penalties: MacAvoy 2, Melnyk, Ullman, Gazely, Perrault.
Third period: 5, Coalers, Gordon (Trentini), 49 sec; 6, Edmonton, MacAvoy (Cowan) 1:12; 7, Edmonton, MacAvoy (Prince) 6:22; 8, Edmonton, Melnyk (Ullman), 11:41; 9, Coalers, Speley (Gazely), 15:30; 10, Coalers, Trentini (Vejprava) 17:04. Penalties: Maniogo.

RAFFLE FOR LITTLE HOUSE

Only a little more than a month remains before some lucky person takes home the scale model house being raffled by the Coleman Board of Trade.

Tickets sales are reported favorable at this time but an intensified selling plan is scheduled for the remaining weeks. This is a community effort and is worthy of community support. Buy a few tickets for yourself and talk it up to friends and acquaintances. Some youngster can have a truly Merry Christmas if they should find this model home theirs come Christmas morning.

Band Concert Wins Audience Praise

On Sunday, Nov. 9, the CNP band, under the leadership of W. Goodwin, of Coleman, held the first of a series of concerts.

The newly decorated Elks hall in Blairmore was the setting for such an event and it has been decided that due to the fact that other towns have no suitable buildings, the remainder of the concerts will be held in Blairmore.

The band wishes to raise enough funds from these concerts to purchase uniforms and instruments for their members. The Blairmore Elks very generously contributed the hall, and an excellent piano, purchased with surplus festival funds, was available for the performers.

The program consisted of interesting band selections, piano solos and ensembles, violin solos, accordion solos and tap dancing. Others participating other than the band members were: Marilyn and Daine Korman, Cynthia and Beverly Bond, Eugene Lucky, Eugene Stowneczy, Georgina Misura, Donnie DeCecco, Reynold Bartoletti, Bobby Zak and Gail Fontana, of Coleman; Cynthia and Beverly Bond, Eugene Lucky, Eugene Stowneczy, Georgina Misura, Donnie DeCecco, Reynold Bartoletti, Bobby Zak and Gail Fontana, of Coleman; Cynthia and Beverly Bond, Eugene Lucky, Eugene Stowneczy, Georgina Misura, Donnie DeCecco, Reynold Bartoletti, Bobby Zak and Gail Fontana, of Coleman; Cynthia and Beverly Bond, Eugene Lucky, Eugene Stowneczy, Georgina Misura, Donnie DeCecco, Reynold Bartoletti, Bobby Zak and Gail Fontana, of Coleman.

The Value Of Trees

THOSE WHO HAVE TRAVELLED widely in Canada are aware of the vast areas of the country which are covered with forests and lakes. Of the 3,462,000 square miles which make up Canada's total area, 1,215,000 square miles are forests. Only about one-half of this forest area is classified as being productive, but nevertheless, more than one-third of the land is covered with trees and the forests provide one of Canada's greatest sources of national revenue. The Prairie Provinces are not among the most heavily forested areas, although all of them have large tracts of wooded land, especially in the northern sections.

Farmers Have Planted Trees

In the prairie regions, however, there are many farms where trees have been planted to provide windbreaks and to preserve the soil. Tree planting on the prairies has been highly successful and there is no longer any question as to whether it is possible to grow trees on the prairie land. These trees, planted by the farmers not only provide shade and shelter from the wind, but they play their part in the continuous war against soil erosion and drought. In storing moisture and preventing soil drifting, trees are one of the most important weapons in the fight to preserve the soil.

Must Provide More Moisture

It has not always been easy to retain groves of trees planted on the prairie farm lands but knowledge of scientific methods of growing trees has helped to overcome difficulties arising from plant diseases, insects, lack of moisture and extremes of temperature. One of the greatest problems in growing trees successfully on the prairies is the lack of sufficient moisture to ensure their natural growth and to make them resistant to other hazards. Many farmers overcome this difficulty by providing additional moisture through irrigation, a method recommended by forestry experts. Trees are a permanent asset to the farm, and the planting of trees on the prairies has proven to be a successful and rewarding undertaking on many of hundreds of Western farms.

Upset About High Prices? Try Buying In Yukon

WHITEHORSE, Y.T.—A housewife in Dawson City or Mayo pays about 50 per cent. more for groceries than her counterpart on the "outside." In Whitehorse, she pays about a third more. The average family of four in Dawson pays upwards of \$150 a month for groceries and in Whitehorse upwards of \$100.

Wood, the basic fuel of the territory, costs about \$30 a cord in Dawson and about \$19 here. It is not hard to burn two cords a month during a Yukon winter. Oil, common in kitchens, cost 30 cents a gallon here and considerably more in Dawson.

Transportation costs, are of course, the chief reason for the high prices. Most of the territory's food is imported from Vancouver or Seattle, with some coming from Edmonton. Food from Vancouver and Seattle is shipped by plane or boat to Juneau, Alaska, and thence by train to Whitehorse. During the winter, most perishable foods are shipped here direct by air.

Dawson, Mayo and other towns north of here get food by river boat or road in summer and by road alone in winter.

Here are some comparative prices:
Coffee—Whitehorse \$1.23 to \$1.30 a pound; Dawson \$1.40.
Tea—Whitehorse \$1.25 to \$1.30 a pound; Dawson \$1.45.
Milk—Whitehorse 22 cents a can; Dawson 25 cents.
Soups—Whitehorse 20 cents a can; Dawson 23 cents.
Salmon—Whitehorse \$1.17 a 1-pound tin; Dawson \$1.30.
Sugar—Whitehorse 17 cents a pound; Dawson 18 cents.

ARTHRITIC PAIN

Don't suffer night and day—with dull, wearisome aches—or sharp, stabbing pains. Lead an active life again. Take Templeton's T-R-C's, Canada's largest-selling proprietary medicine specially made to bring longed-for relief to sufferers from arthritic or rheumatic pain. 1441 65c, \$1.35

If Hem-Roid, an internal pile treatment, does not quickly ease the itching soreness and burning pain of your piles—it costs you nothing. Get a package of Hem-Roid at any drug store and use as directed. You will be pleased now quickly your pile trouble is relieved. Only \$1.25 for the big 40 tablet package. If you are not 100% pleased after using Hem-Roid 2 or 3 days, as a test, ask for your money back. Refund agreement by all drug stores.

"EXPORT"
CANADA'S FINEST
CIGARETTE

Language Didn't Worry Cupid

VANCOUVER.—A young Montreal soldier and his wife strolled hand in hand down Granville Street's theatre row and took in the sights. Every so often he asked her if she was happy and urged: "Don't be nervous."

The shops and theatres, humdrum to many, were Katsuko Hiroto's introduction to her new homeland. Now Mrs. Ken Fraser, she is the second Japanese war bride to arrive in Canada.

L.-Cpl. Fraser and his petite, 22-year-old wife arrived by air from Japan and will leave by train for Montreal.

They met while L.-Cpl. Fraser was stationed near Okayama and were married March 7 by Protestant Padre H. A. Doig.

Differences in language didn't bother Cupid during their courtship. "Language was not a barrier," the soldier explained, "because Japanese is a lot like French."

ODDITIES In The News

In Manhattan, when two gunmen held up a candy store, one of them sidled up to Salesgirl Juunita Christian and murmured: "Daddy, He had been mistaken for another patient."

In Cleveland, Mrs. Harriet Jones was a divorcee after testifying that when she about to have a baby, her husband dropped her off at the hospital emergency room, then hurried around the corner to have a divorce with a nurse.

Ten-year-old Roy Thompson, of Liverpool, Eng., went to hospital to have a steel splinter taken out of his finger. Six hours later he had his appendix removed but the splinter was still in the finger. He had been mistaken for another patient.

A tardy New York bound commuter, apparently trying to arrive at his office on time, was seen driving his automobile about 60 miles an hour while a woman beside him brushed and combed his hair.

In Havertill, Mass., Winfield E. Donahue was fined \$100 for reckless driving after his girl friend told police that when she refused his marriage proposal, he replied: "O.K., you asked for it," and rammed a telephone pole.

GEORGE BOTOT, eight, of St. Clairsville, Ohio, flashes a big smile as he grasps one of the watermelons which may save his life. George is suffering from nephritis, a kidney disease, which the vitamins supplied by the melon may combat. Appeals already have resulted in three carloads of melons and more have been promised.

PRECIPITATION ON PRAIRIES BELOW NORMAL

WINNIPEG.—Precipitation summary for the Prairie provinces issued by the meteorologist office in Winnipeg recently showed all three provinces received below normal moisture in the three months ending Oct. 31.

Alberta showed the biggest deficiency with a provincial average .83 inches below normal. Manitoba was .76 inches below normal, and Saskatchewan down .54 inches.

The biggest deficiencies show in the southern areas of the provinces. Fall moisture has a big bearing on the outlook for the next season's grain crop.

Of 23 points reporting in Alberta, only two showed above normal precipitation for the three-month period. In Manitoba, five of the 16 reporting points showed above normal. In Saskatchewan above normal precipitation was received by eight out of 25 points.

INAUGURATION OF POTASH MINING IN SASKATCHEWAN

UNITY, SASK.—Resources Minister J. H. Brockbank presided at opening ceremonies of the Western Potash Corporation Ltd. plant here. The company's 3,450-foot shaft 13 miles from here marks the inauguration of potash mining in Saskatchewan.

PROVINCE-WIDE PROGRAM

REGINA.—A province-wide program to reduce the toll of disability and death due to accidents in the home is being launched by the Saskatchewan department of public health.

Mrs. Frank Schuster Puts on Blue Bonnet — Makes a Hit!

Everyone enjoys it when Mrs. Frank Schuster puts on delicious Blue Bonnet Margarine! Like the wife of the famous Canadian comedian, you will love the delicate, sunnysweet taste Blue Bonnet adds to any food! You'll appreciate its nourishment, too. No other spread is richer in year-round Vitamin A! And you'll welcome its wonderful economy. Use Blue Bonnet for all cooking and recipes as well as on bread and toast, cut dollars from your food bills!

BLUE BONNET Margarine is sold in the regular economy package with color water. Also in the famous YELLOW QUOTE bag for fast, easy color.

PEGGY

Booming Town

Lynn Lake, Manitoba, One Of Brightest Stars In Canada's Mineral World

LYNN LAKE, Man.—This booming mine town, one of the brightest new stars in Canada's mineral world, soon will be diffusing new wealth into the national economy. Nestling in the Manitoba-wilds just south of the 57th parallel, the town's expanding mine is considered the world's richest source of copper-nickel apart from the great mines of Sudbury, Ont.

Within a year a 145-mile rail line will link it with supply routes to the south, hauling ore estimated to be worth \$14,000,000 yearly to world markets. Much of it will go to Canada's defence production and for stockpiling.

Development costs at Lynn Lake are great. About \$50,000,000 have been spent by late fall of 1953 when the Sherritt Gordon mine is expected to start production. Already ore worth \$175,000,000 at current prices has been blocked out. The rail line, estimated to cost about \$15,000,000, is being pushed through rocky terrain and musked by the Canadian National Railways. When completed it will reach north-east from Sherritt 390 miles north-west of Winnipeg.

Aircraft and tractor trains have been the chief forms of transportation since the district was opened 11 years ago. A few made the trip by canoe and on foot.

Some 500 men now are working on the line. By Oct. 5 the complete right-of-way had been cleared, the roadbed graded for 85 miles and 25 miles of track laid.

Engineering and construction problems—despite modern equipment—are as challenging as those which faced the men who built the first transcontinental line across Northern Ontario 70 years ago.

The Lynn line will open the same possibilities for pioneers who advanced across the Prairies toward a new life. The route may serve as the springboard for all of northern Manitoba, rich in scarce and untouched minerals.

As ore trundles south, homes and equipment from the defunct Sherritt mine will move north. Last winter tractor trains working round-the-clock trucked 72 houses and counting. Less than mining machinery, dismantled there and now erected here.

Homes were plucked from their foundations, placed on sleighs and

Eat Right—Live Right—Feel Right

EAT ANYTHING WITH FALSE TEETH

If you have trouble with plates that slip, rock and cause new aches—try Brimms Plasti-Liner. One application makes plates fit snugly without powder or paste, because Brimms Plasti-Liner makes permanent to your plate. It relines and retires loose plates in a way no powder or paste can do. Even on old rubber plates you get good results in a year or longer. YOU CAN EAT ANYTHING! Brimms for soft strips of Plasti-Liner on troublesome upper or lower. Bite and it molds perfectly. Easy to use. Tasteless, odorless, harmless to you and your plates. Removable as directed. Plus dealer included. Money back if not completely satisfied. It's not available at your drug store and \$1.50 per roller for 1 plate. WILKROTT LTD., FORT ERIE, ONT. Dept. K5

BRIMMS PLASTI-LINER—THE PERMANENT DENTURE RELINER

Looks pretty—Tastes pretty WONDERFUL!

Fruit Bread—made with New Fast DRY Yeast!

Don't let old-fashioned, quick-softening yeast cramp your baking style! Get in on modern, swiftly rising new Fleischmann's Fast Rising Dry Yeast—it keeps full-strength, fast-acting till the moment you bake! Needs no refrigeration! Bake these Knobby Fruit Loaves for a special treat!

KNOBBY FRUIT LOAVES

Scald 1½ c. milk, ½ c. granulated sugar, 2 tps. salt and ½ c. shortening; cool to lukewarm. Meanwhile, measure into a large bowl ½ c. lukewarm water, 3 tps. granulated sugar; stir until sugar is dissolved. Sprinkle with 3 envelopes Fleischmann's Fast Rising Dry Yeast. Let stand 10 minutes, THEN stir well. Add lukewarm milk mixture and stir in 2 well-beaten eggs, ¼ c. maraschino cherry syrup and 1 tsp. almond extract. Sift in 4 c. once-sifted bread flour; beat until smooth. Work in 2 c. seedless raisins, 1 c. currants, 1 c. chopped candied peels, 1 c. sliced maraschino cherries and 1 c. broken walnuts. Work in ½ c. (about) once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Place in greased bowl and grease top of dough. Cover and set in a warm place, free from draft. Let rise until doubled in bulk. Punch down dough, turn out on lightly-floured board and divide into 4 equal portions; cut each portion into 20 equal-sized pieces; knead each piece into a smooth round ball. Arrange 10 small balls in each of 4 greased loaf pans (4½ x 8½) and grease tops. Arrange remaining balls on top of those in pans and grease tops. Cover and let rise until doubled in bulk. Bake in moderate oven, 350°, about 1 hour, covering with brown paper after first ½ hour. Spread cold loaves with icing. Yield—4 loaves. Note: The portions of dough may be shaped into loaves to fit pans, instead of being divided into the small pieces that produce knobby loaves.

—By Chuck Thornton

National Hockey League

Bill Tobin Starts 27th Year With Chicago Black Hawks—Detroit Red Wings Served Tea Between Periods

What a Difference a Year Makes

There's a big difference in the road record of the Detroit Red Wings this season as compared with that of a year ago. In their first five starts on the road this season, the Wings lost four and tied one. Last year they played 15 consecutive games away from the Olympia without a defeat, to tie a National Hockey League record for longest undefeated streak away from home. The Wings won 10 and tied five during last year's streak.

The League's Travelers

There are nine players in the National Hockey League who have played with three different N.H.L. teams, and there are two players who have worn the jerseys of four of the six National League clubs. Gaye Stewart and Jimmy Peters are the players who have performed for four different teams. Stewart has played with Toronto, Chicago, Detroit and New York. Peters travelled from Montreal to Boston to Detroit and finally to Chicago.

The nine players who have played with three teams are Cal Gardner, New York, Toronto, Chicago; Gerry Couture, Detroit, Montreal, Chicago; Harry Watson, N.Y., Americans, Detroit, Toronto; Pete Babando, Boston, Detroit, Chicago; Jim Conacher, Detroit, Chicago, New York; Bob Goldham, Toronto, Chicago, Detroit; Hal

Laycoe, New York, Montreal, Boston; Harry Lumley, Detroit, Chicago, Toronto; and Jim Henry, New York, Chicago, Boston.

Chicago's George Gee is the only player in the National Hockey League today who is back playing a second term for a team. Gee started out with Chicago, went to Detroit with Bud Polls in a trade for Doug McCall, and returned to Chicago before the start of the 1961-62 season.

20th Tie in Four Years

When Boston Bruins and New York Rangers played a 3-3 tie in the Rangers' home opener on October 22, it marked the 20th tie game in four seasons between these two clubs. Chicago's George Gee is the only player in the National Hockey League today who is back playing a second term for a team. Gee started out with Chicago, went to Detroit with Bud Polls in a trade for Doug McCall, and returned to Chicago before the start of the 1961-62 season.

Remember Steve? Do you remember Steve Buzinski, the colorful character who guarded the nets for the New York Rangers for the first nine games of the 1942-43 season? Steve's fellow who led 56 pucks slip by him for a 611 goals-against average during his one-game tenure with the Rangers. He is now employed by the Saskatchewan Agricultural Department in his home town of Swift Current. One of his classic remarks was made in a game against Canadians. The Rangers were behind by about seven goals, when he caught a high shot fired by a Montreal player. Feeling quite pleased with himself, he turned to Defenseman Ott Heber, who was skating by to receive the puck, and beamed: "Nothing to it, Ott. Just like picking apples off a tree!"

N.H.L. Alternate Captains With the exception of Toronto, each team in the National Hockey League appoints three alternate captains. These are the fellows who wear the letter "A" on their sweaters. The following players are alternate captains this season: Toronto—Harry Watson and Max Bentley; Boston—Ed Sandford, Bill Quackenbush and Hal Laycoe; New York—Hy Buller, Paul Ronit and Billy Rease; Montreal—Doug Harvey, Billy Rease and Elmer Lach; Chicago—Gus Bodnar, Jim McFadden and Bill Mosienko; Detroit—Bob Goldham, Red Kelly and Marty Pavelich.

Serve Tea Between Periods Trainers Carl Mattson and Lefty Wilson of the Detroit Red Wings serve tea to the Red Wing players between periods. This is something new in the N.H.L.—tea between periods. It is supposed to give the players a lift.

CONSIDERED DELICACIES Australian businessmen eat various types of raw insect larvae. American Indians enjoyed roasted crickets, as well as the queens of leafcutting ants.

Weekly Tip BROOMS Scald the brooms in boiling soap suds once a week, and it will keep them tough and flexible, beneficial to both the brooms and the rugs.

On The Side : By E. V. Durling

Switching Children in Hospitals No doubt it is better to have a birth take place in a hospital rather than in a home. Still, some mothers continue to get the wrong babies in hospitals. One pair of mothers didn't find out they had been given the wrong infants until three years after it happened. They then decided to keep the babies given them. It was thought that a switch at such a late date would be too much of a shock for the children. It was the first child of one mother and the eighth for the other. Their identity was definitely established by various means, including fingerprints. How the mistake was made in the first place has not been explained. It will be interesting to see which of these children makes the greater success of life.

The Democratic Right In voluntary voting Great Britain tops the world. Eighty-three per cent. of persons eligible to vote in Britain do vote regularly. Sweden is next with 80 per cent. Canada follows with 74 per cent. The U.S.A. is down near the bottom of the list with only 51 per cent. of those eligible taking advantage of their voting privileges.

Success Story of a Barber Many barbers complain they are not doing so well financially. Why don't they become hairdressers? That's what Raymond Besone did. Now he's a millionaire with a flat in London, a country house, a racing stable, a Rolls Royce and a six-storey building in Mayfair housing his beautifying activities. Originally a barber, Raymond was fired for cutting a customer while shaving him. So he became a hairdresser. Besone is the originator of the page boy haircut and poodle styles of haircut. Incidentally, his definition of a lady is, "A woman who is not afraid to say I can't afford it."

Mama's Advice on Marriage A young woman says her mother cautioned her not to marry in haste. Not to rush into matrimony with the first man who proposed. "I was engaged seven times, before my mother said I was married," said her mother. Sounds like an engagement record. Wonder how many of the rings she kept.

Love Develops, Say Experts Nobody ever loved who didn't love at first sight. So claimed the poet Marlowe. The British Marriage Society, in a recent statement, expressed the belief there is no such thing as love at first sight. What is mistaken for that is merely "an immediate overwhelming attraction to a person of the opposite sex." It was further added that a man "may believe he is in love with a person from the moment of their first meeting because he is attracted by her pretty face, sound of her voice, her eyes or even her hair style. But physical attraction cannot be defined as love. Real love develops gradually after the couple knows each other better," said the British Marriage Society.

ROCKET RICHARD is shown above in a dressing-room pose after equalling the N.H.L. goal scoring record set by Nels "Old Polson" Stewart. The Canadian rightwinger tied the record as he scored two goals during Toronto's recent 7-5 victory over the Habs in which goalie Gerry McNeil of the Canadians received a fractured cheek bone.

Kitchen Meditations

By JANE DALE

"WHATCHA DOING?"

She leaves her play to dash into my kitchen. "Whatcha doing?" and "Can I help you?"

She tries to say all in one breath—Can I scrape out the bowl when you're through?"

She helps herself to some raisins or sugar. And jerks the flour sifter up and down.

"Will you give me one of those when they're cooked?" Are they going to be white or brown?"

She leaves me then to dash out of doors. The others are racing away down the lane.

My baking forgotten, she tries to catch up. Before very long she'll be back again.

Airplanes landing on the Sea of Galilee, 680 feet below sea level, or the Dead Sea at minus 1,286 feet, are flying far lower than submarines can dive in the oceans.

This Curious World

By William Ferguson

Quoting Odds

"WHEN A DISH TOWEL DRIES, IT GETS WET," SAID MRS. FELIX J. BERTUCCI, Gulfport, Mississippi.

THE ATLANTIC OCEAN IS RISING! BUT NO FLOOD WARNING IS NECESSARY, SINCE THE RISE IS LESS THAN TWO FEET A CENTURY!

VIRGIL "BECAUSE OF CROWDED CONDITIONS, WE'LL HAVE TO SPLIT OUR ARTISTIC CLASS INTO TWO GROUPS."

PRISCILLA'S POP—It's the Volume That Counts

"I OUGHT TO BE PAID FOR DOING THIS!"

SUPPOSE I GIVE YOU TEN CENTS A WEEK!

NOTHING DOING! I WANT BIG MONEY!

B.C. Women Seek Seats In Senate

VANCOUVER.—British Columbia career women readied a hard-hitting campaign to get representation in the Senate.

"That's our objective," said Mrs. Margaret Campbell, of Vancouver, national president of the Business and Professional Women's Club. "And we're going to press the thing through."

British Columbia clubs have mailed circular letters urging local groups to "pick their woman". The Vancouver branch has named two leading women politicians as their candidates, Mrs. Nancy Hodges, of Victoria, B.C., and Mrs. Paul Smith, of New Westminster.

The drive for more women senators started last summer at the club's national convention here. The club felt that more women should be placed in public office, particularly those who have served their communities well.

Mrs. Hodges was speaker of the British Columbia Legislature last session—the first time a woman had held that post in Canada. Mrs. Smith represented New Westminster in the Legislature a few years ago.

The Vancouver unit also wanted to put forward Mrs. Laura Jamieson, C.P.F. member of the House for Vancouver-Centre. Mrs. Jamieson declined, however, saying she "wanted to be more active."

Women were first named to the Senate in 1939, with Mrs. Cairine Wilson, of Ottawa, the first distaff member. Mrs. Iva Campbell Falls, of Peterborough, Ont., was the other woman senator at the Red Chamber's last sitting.

Mrs. Campbell said the provincial body was waiting to hear from other British Columbia leaders before "really putting the heat on."

DRUNK DRIVING BULLDOZER WILMER, B.C.—Victor Cooper, 27, started a 30-day jail term for drunken driving—on a bulldozer. Game Warden Jack MacKell and a posse of villagers finally stopped Cooper and his seven-ton machine after he had flattened fences, clipped corners off houses and chased residents down the street.

MUSKRAT BOOM REGINA. The provincial game commissioner reports a large and remunerative crop of muskrats is wandering about Saskatchewan waiting to be picked off. Many have been killed by traffic this fall.
